

REAL ESTATE INCOME & GROWTH

as of September 30, 2022

for the intelligent advisor

OBJECTIVE

The Real Estate Income & Growth strategy is a fully invested portfolio of publicly traded companies engaged in the real estate industry. The portfolio's primary objective is current income with a focus on capital appreciation.

PERFORMANCE (%)		Inception Date: 5/1/2017			
Average (Annual)	2022 YTD	1-Year	3-Year	5-Year	Inception
Real Estate Income & Growth, Gross	(26.70)	(13.88)	0.90	4.44	4.84
Real Estate Income & Growth, Net	(27.41)	(14.95)	(0.33)	3.17	3.56
Dow Jones U.S. Select REIT	(29.32)	(17.15)	(3.29)	1.95	2.22

Prior to January 1, 2021 the performance results were from accounts managed at Sheaff Brock Investment Advisors, LLC. The same investment management team has managed the composite since its inception and the investment process has not changed. Data quoted represents past performance, which is no guarantee of future results.

PORTFOLIO CONSTRUCTION

1ST | Macro Outlook

Review sector weightings for the 13 REIT industries or real estate service companies along with macro-economic research.

2ND | Screen

Utilize in-house and third-party research to review fundamentals such as valuation measures, growth rates, and sentiment.

3RD | Decision

Select 20-25 positions based on macro-economic outlook and fundamentals. Positions are reviewed regularly.

POTENTIAL BENEFITS

Seeks current income and capital appreciation through publicly traded U.S. based equity Real Estate Investment Trusts (REITs) from most of the 13 REIT industries.

REITs distribute 90% of their income annually as dividends, historically making them a higher source of income versus other equities.

REITs can add diversification to a portfolio of stocks, bonds, and cash.

Diversification and liquidity are provided through owning REITs versus directly investing in real estate.

Active management focused on mitigating downside risk of individual companies.

	Annual Performance Returns - Institutional (Net of Fees) vs Benchmark (DJ U.S. Select REIT Index)						Rolling Average (Net, Annualized)			
	2017	2018	2019	2020	2021	2022 YTD	1-Year	3-Year	5-Year	Inception
Institutional, Net	3.32	(4.65)	25.47	(3.07)	44.10	(26.96)	(14.27)	0.46	3.98	4.38
Benchmark	4.29	(4.22)	23.10	(11.20)	45.91	(29.32)	(17.15)	(3.29)	1.95	2.22

Supplemental Information, consisting of the Institutional Performance (Net of Fees), is presented to show composite performance when the maximum institutional fee of 0.45% is applied to the composite's gross return. Innovative Portfolios did not have fee paying institutional clients for all the periods presented above. Institutional Performance (Net of Fees) is supplemental to the Annual Portfolio Performance Presentation.

Organization: Innovative Portfolios, LLC ("IP"), established in 2015, is registered as an investment advisor with the Securities and Exchange Commission. IP is wholly owned by Sheaff Brock Capital Management, LLC ("SBCM"). IP claims compliance with Global Investment Performance Standards (GIPS®).

Description: The Real Estate Income & Growth Composite invests in approximately 20 real estate investment trusts (REIT), companies servicing or developing real estate, or funds focused on investments in real estate. The investment objective of the composite is income and capital appreciation. The Real Estate Income & Growth Composite consists of fully discretionary portfolios, including those accounts no longer with the firm. The composite excludes portfolios under \$25,000. For comparison purposes the composite is measured against the Dow Jones U.S. Select Real Estate Investment Trust (REIT) Index. The Composite was created on January 1, 2021 and the inception date is May 1, 2017.

IP acquired the composite through a subadvisor agreement with Sheaff Brock Investment Advisors, LLC (SBIA), wholly owned by SBCM, in December 2020. Performance prior to January 1, 2021 occurred while the investment management team was affiliated with SBIA. The same investment management team has managed the composite since its inception, and the investment process has not changed. Performance prior to January 1, 2021 is linked to performance earned at SBIA.

Performance presented are time-weighted returns. Valuations and performance is reported in U.S. dollars. Composite performance is presented on gross-of-fees and net-of-fees basis and includes the reinvestment of income (dividends/interest). Gross-of-fees returns are presented before management and custodial fees but after all trading expenses. Net-of-fees returns are calculated by deducting a model management fee of 0.3125, ¼ of the highest annual management fee of 1.25%, from the quarterly gross composite return, applied the first month of each quarter. Actual advisory fees incurred by clients may vary. Policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.

The benchmark is the Dow Jones U.S. Select REIT Index, an index designed to track the performance of publicly traded REITs and REIT-like securities and serve as a proxy for direct real estate investments, in part by excluding companies whose performance may be driven by factors other than the value of real estate. An index should only be compared with a mandate that has a similar investment objective. An index is not available for direct investment and does not reflect any of the costs associated with buying and selling individual securities or management fees, the incurrence of which would have the effect of decreasing historical performance results. There can be no assurances that a composite will match or outperform any particular benchmark.

Past performance is no guarantee of future performance and there is a risk of loss of all or part of your investment. Individual client performance returns may be different than the composite returns listed. Changes in investment strategies, contributions or withdrawals, and economic conditions may materially alter the performance of your portfolio. Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment or strategy will be suitable or profitable for a client's portfolio. Information is obtained from sources IP believes are reliable, however, IP does not audit, verify, or guarantee the accuracy or completeness of any material contained herein.

Certain information expressed represents an assessment at a specific point in time and is not intended to be a forecast or guarantee of future performance, nor is it intended to speak to any future time periods. The information and data in the composite overview does not constitute legal, tax, accounting, investment, or other professional advice. The information provided in the composite overview should not be considered a recommendation to purchase or sell any particular security. There is no assurance that any securities discussed herein will remain in the composite at the time you receive the composite overview or that securities sold have not been repurchased. The securities discussed may not represent the entire portfolio. It should not be assumed that any securities transaction or holding discussed was or will prove to be profitable, or that the investment recommendations or decisions in the future will be profitable or will equal the investment performance of the securities discussed herein.

2 Dividend yield is calculated by dividing the dividends per share for the last 12 months by the current price of the equity security. The dividend yield is based on composite holding as of the date of the report. Dividend yield does not account for any realized or unrealized gain/loss on the holdings in the composite. Dividend yield does not reflect the deduction of management fees, and if reflected, the fee would reduce any performance data quoted. Dividend yield is a measurement at a point in time which may differ significantly in the future based upon the holdings in the composite, the price of the securities and the actual dividends paid.
